

DID Series

Direct / Indirect Linear Strip

FEATURES & SPECIFICATIONS

INTENDED USE

Medium body decorative strip with reflectors and basket options for offices, conference rooms, retail, and utility areas requiring concentrated illumination in a commercial quality configuration with more style. By choosing the reflector types and basket materials, the lighting designer can control the light intensity.

SIZE W x L x H in inches (mm)

Fixture width and height vary with reflector selection
Fixture length = lamp(s) length

MATERIALS & FEATURES

Housing is die-formed and embossed code 22 gage steel. Body finish is high reflectance baked white enamel. Wiring knockouts are provided on back and end of housing. Reflectors attach with quarter turn fasteners; no tools required for ballast access. End plate doubles as coupler for continuous row mounts. Reflectors available in several materials. Perforated metal reflectors and baskets are made of cold rolled steel treated with rust inhibitor. Perforated metal parts are post painted with a durable baked polyester coat. Each piece is formed by our state-of-the-art multi-radii machine for consistency.

- P10 - Perforated Reflector
- W30, economical white steel reflectors, for abusive locations
- M24, Premium full specular (mirrored) reflectors, for abusive locations

MOUNTING

Surface mount, chain hung, stem mount. See end of chapter T02Strip for accessory mount kits.

TYPICAL OPTIONS AND ACCESSORIES

Whips, fuses, and wire guards. See options page at the end of the T02Linear section, or contact factory for more details.
