

IND SERIES
Medium Body Strip w/Reflectors

Medium body industrial strip with reflectors for interior warehouse, retail, and utility areas requiring concentrated illumination in a commercial quality configuration is an ideal fixture for X1LED. The X1LED industrial strip fixtures utilize efficient LED T8 lamps that provide high lumen output with efficient energy savings. Since they don't require any ballast or driver the only component that will ever need changing is the LED T8 lamp. The lamps are warranted for five years. Unlike industrial strip fixtures that utilize LED arrays and drivers these fixtures have the flexibility to change wattage, lumens, and color temperature simply by changing the lamps without the need to call a licensed electrician. Fixtures are available in multiple sizes for individual or continuous row mounting.

LAMP

1, 2, or 3 Lamp Positions in Cross section.

CONSTRUCTION

Housing is die-formed and embossed code 22 gauge steel. Body finish is high reflectance baked white enamel. Wiring knockouts are provided on back and end of housing. Reflectors attach with quarter turn fasteners; no tools required for ballast access. End plate doubles as coupler for continuous row mounts. Reflectors available in several materials. See C Series for similar fixtures with no reflectors.

- W3x, economical white steel reflectors, for abusive locations
 Three styles: symmetric, symmetric with uplight, and asymmetric
- M2, premium full specular (mirrored) reflectors, for maximum efficiency
 Four styles: Low (8-10ft), Standard (9-14ft), and High Ceiling (12-24ft), and asymmetric
- W1x, high reflectance white aluminum reflectors, combine economy and efficiency

Two styles: Standard (9-14), and High ceiling (12-24ft) symmetric

MOUNTING

Surface mount, chain hung, double stem.

SIZE W x L x H in inches (mm)

Fixture width and height vary with reflector selection

Fixture length = lamp(s) length

X1 LED

The most economical, practical and user friendly series of LED fixtures with the energy savings, quality of light, long life and hassle-free maintenance. X1 LED fixtures are UL Listed with the latest LED T8 Bypass lamps. Fixtures provide over 44% energy savings over comparable fluorescent fixtures utilizing less expensive fixtures than the fluorescent version (no ballast required) and have flexibility to change wattage and color temperature any time. Fixture performance will evolve over time with the evolution of the T8 LED lamp technology. Concerned about maintenance with an LED array and driver fixture, X1 LED solves that by utilizing a self contained LED lamp that fits into fixture just like a fluorescent lamp.

Lamp Specifications:

Our T8 LED lamps are available in 2 or 4 ft sizes in different wattage, lumens and color temperature options. See lamp options and specs at www.texasfluorescents.com/X1LEDLamps.

- 50,000 Hour Life with 5 Year Warranty
- Beam Angle 140 Degree
- Aluminum Base and Aluminum Housing with Glass Cover
- Operating Temperature: - 20C to 50C
- Color Temperature: 3500K, 4000K, 5000K
- G13 Pins (Same as Fluorescent Linear T8 Bipin)
- AC100 – 277V without Ballast
- Single Ended or Double Ended Power (If not specified use X1 Single Ended Power)

Optional Dimming Options:

The 4 FT lamps are available with a dimming option. Specially designed dimming lamps require an external driver that runs 1 or 2 lamps. So more than 2 lamps require multiple external drivers. See dimming options and specs at www.texasfluorescents.com/X1LEDdimming.

Emergency Options:

The standard X1 LED Lamps require an inverter or an All-in-one emergency kit that includes LED array, battery and driver. Dimmable T8 LED with external driver works with standard LED EM it. See emergency options and specs at www.texasfluorescents.com/X1LEDemergency.

ITEM NO.	DESCRIPTION
IND232W30X1L118W40	4ft. Industrial 4200 Lumen 2x18W LED T8 4000K Lamps Included
IND332W30X1L118W40	4ft. Industrial 6300 Lumen 3x18W LED T8 4000K Lamps Included
IND2328W30X1L118W40	8ft. Tandem Industrial 8400 Lumen 4x18W LED T8 4000K Lamps Included
IND3328W30X1L118W40	8ft. Tandem Industrial 12600 Lumen 6x18W LED T8 4000K Lamps Included

Change 40 to 35 or 50 for different Kelvin. Change Lamp Wattage to 13W on 2FT or 15W on 4FT
