

THB Series

Triangular High Bay

FEATURES & SPECIFICATIONS

INTENDED USE

The THB Series is specially designed to provide excellent lighting performance, robust and durable construction and optimum heat dissipation. The unique shape with mirrored reflector spreads the light output while maximizing the heat dissipation. The shape also allows for a rugged wire guard for the most demanding applications. Also available in Tandem Configurations.

SIZE W x L x H in inches (mm)

12.2W x 48L x 5.25Dp
12.2W x 96L x 5.25Dp

CONSTRUCTION

Body and ends are die blanked, pierced and formed of 20 gauge cold rolled prime steel for rigidity and uniformity. Forming of the housing has been engineered to provide added strength along its entire length. Solid reflector provides increased strength. Tools required.

LAMP

3, 4 or 5 Lamp Positions; T5 or T8.

MATERIALS & FEATURES

Baked white enamel code gage steel, premium full specular mirrored reflector, multiple KO's and access plate.

MOUNTING

Chain or gripple cable mounting kit are most popular. Consult for other versions.

LISTING / CERTIFICATIONS

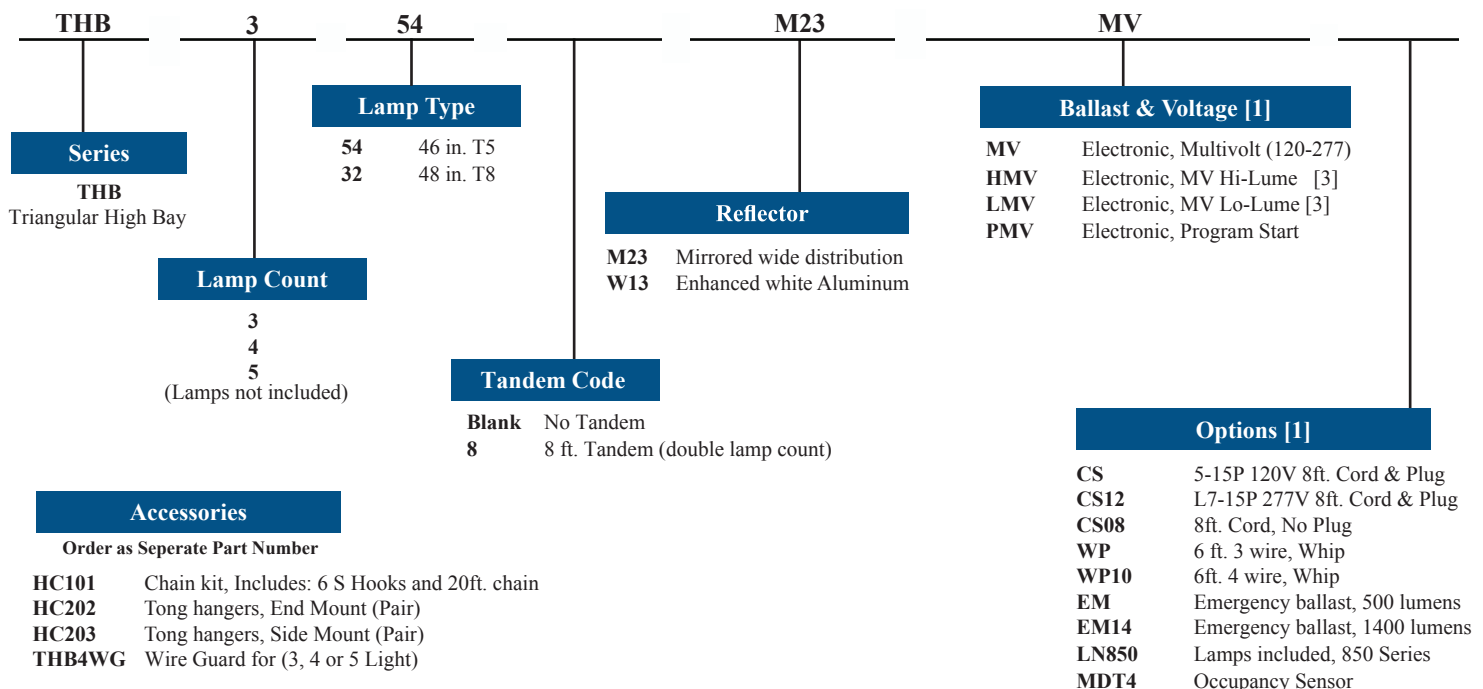

Fixture & Ballast: UL Listed

TYPICAL OPTIONS AND ACCESSORIES
